

Miami-Dade Transit Americans with Disabilities Act (ADA) Pedestrian Improvements Project

You are invited to attend an informational session to be held:

Thursday, March 24, 2011

5:00pm to 7:00pm

Miami-Dade Public Library, Pinecrest Branch

5835 SW 111 St, Pinecrest, FL 33156

The purpose of the ADA Pedestrian Improvements project is to provide access to the Miami-Dade Transit South Dade Busway by adding pedestrian ramps, crosswalks and sidewalks, where necessary. The Americans with Disabilities Act of 1990 requires that public entities ensure that services are accessible to individuals with disabilities. The Florida Department of Transportation and the United States Department of Justice require that MDT be in compliance by providing access to its bus stops.

Miami-Dade County provides equal access and equal opportunity in employment and does not discriminate on the basis of disability in its programs or services. Auxiliary aids and services for communication are available with advance notice. This form can be made available in accessible format upon request (audiotape, Braille, or computer disk). For material in alternate format, a sign-language interpreter, or other accommodations, please contact Maud Lizano at 786-469-5478. Customers using TTY, please call through the Florida Relay Service 1-800-955-8771 at least five days in advance.
